RAILROADS IN OGDEN AT OUTS OVER CROSSING

OGDEN, April 2 -Ogden is likely to see ome fun in connection with the attempt of the Rio Grande Raticond company to contruet a spur track across Twenty-second street, on Wall avenue. The company applies for the franchise to build a track to the big warehouse of the Simmons Hardware comnue and Twenty-first streets. The Rio Grande has almost completed its track across the street, but is met by an Oregon Short Line box car and an engine directly across its path. So for nothing further has been done but it is not likely that any serious trouble vill follow.

The children of Charles J. A. Londaulat have reported that an attempt was made to burgiarize the home of their uncle. H. A. Lindaulat on Washington avenue. The children had called at the house of their uncle and attempted to gain admission, when a masked man appeared at the door and fold them that if they stiempted to enter be would dill shom. They were greatly frightened and tashed hame and told their father of the occurrence, who promptly notified the police, but by the time they had arrived the burgiar had excessed.

carped.
Carl O. Hanson, aged II and Dalla Thomas, aged 10, both of Harrisville, were today granted a locase to wed.

Distant Execution 1.

Division Superintendent Platt of the Oregon Short Line at Salt Lake City is in town or number.

Word has been received from the insane asy-um at Prove that Maude Despin, who was emmitted from Weber county a year ago, a dead, So far as known, she has no rela-lyes here

is dead. So far as known she has no relatives here.

C. De Vadhey, a Freedman, who has been convassing for arders to enlarge pictures and who was arrested by the police, today pleaded guilty before Judge Murphy and was fined \$20.

There is a bare possibility that the man found dead in the Weber river yesterday came to his death by his own hand. If will be represented that some time ago John C. Chied found a slip of unper on the Weber bridge bearing the inscription. I am tired of living am going to jump into the river and drown myself. I cannot set employment and an penalless and without friends. The nete was signed Stranger. Mr Chied promptly brought the note to the police station and the police thoroughly investigated the matter, but yould find nothing and concluded that it was a hoax. If they can establish any connection between the dead min and the note the mystery is solved so far as the cause of death a concerned. Junge Murphy, however, will hold an inquest over the remains to determine the matter just as soon as sufficient collected. The spot where the boly was found by one of the worst places in the city, and murders, hold-ups and shooting scrapes galore have occurred there in the past, and many are of, the opinion that it is a case of murder, as it is so easy for a thing to crack a man over the head with a sandbag and toes his body into the river.

The Beard of Counity Commissioners field a short session today and heard the report of the

D. Polkman, resigned.

Articles of Incorporation of the Wheelwright Broa. Construction company were filed with the County Clerk today. The incorporators are John Wheelwright, president T. B. Wheelwright, vice-president George M. Wheelwright, vice-president George M. Wheelwright, and the Meelwright, and the Meelwright, and the directors. The company is capitalized for \$25,000 and will do a general construction maintenance. . . .

There is a rumor aftest that the Lyceum theater is about to change hands. Manager Julian H. Young admitted that there was a deal on foot but that nothing definite had been done. He intimated, however, that he would be compelled to give all his time to Grenwood bark, which indicates that he contemplates disposing of the Lyceum.

Work is about to begin an Ogdon's new Federal building. Contractor Tom Lovell of Denion. Tex. has arrived in Ogdon and announces that he will begin at once. "Dirt will begin to fly by Thursday next," said Mr. Lovell, "and it will be a steady grind." About 190 men will be employed.

cand it will be a steady grind." About loss men will be employed.

After a long and somewhat storiny conference in Mayor Glassman's office, the Council finally went into open session tonight and granted both the Mahler reanchise was amended in several places, the oils one of importance being that it provides for the repair stoop in Orden. The franchise vinns for 199 years and its route, as finally passed, is to enter on any street except Wall south of Twenty-eighth street, except Wall south of Twenty-eighth street thence north along Grant to Twenty-first street, exact to Washington and serih to the city Himits.

The Bamberger franchise was also amended to change its route as follows: Enlaring the city at the foot of Thirry-third street, thence sast to Lincoln avenue north on Lincoln to Twenty-fifth, east on Twenty-fifth to Grant, north to Twenty-first, east to Mourse, north, to Twenty-fifth, cast on Twenty-fifth the continued in the continued of the digway to Ogden catyon. This franchise shor runs for 160 years.

The franchise granting a right of way to the Rio Grand, western Railway company to construct a spur treek arross Twenty-first results and Nineteenth streets, thence can't hypertia sit, may seem, with all the protests and opintoversy these these franchises have caused all three of them were possed unant-mously.

PRISONER AT EUREKA NOT WANTED IN EAST

EUREKA, Utoh, April 2.—City Marshal "Pres" Stillman received a talegram last night from Montelair, N. J. stating that the photo of James Giffin, who is in Jali at this place, had been received by the Chief or Poplace, had been received by the Chief of Po-lice at that city and that Giffin was not the man wanted for nutries and arson. Giffin is serving a thirty-day sentence for vagrancy and the officers here believe that he has rea-sons for trying to keep ofs identity a mystery. He is unable to give a clear necessit of nim-self for the past few months, and it is more than likely that he is wanted somewhere for some crime.
